

CROSSWAVE®
HYDROSCRUB™ SELECT

Effortless Scrubbing, Spotless Results

Dried on dirt and grime, pet hair, and debris are no match for the BISSELL® CrossWave® HydroScrub™ multi-surface wet and dry vacuum cleaner, that combines cleaning tasks to let you vacuum and mop at the same time. Remove stubborn messes like dirt and grime 4X Faster & Better from hard floors with HydroScrub™ Technology.

Power Mop mode combines vacuuming and mopping into one easy step, cutting cleaning time in half. Power Vac mode features 75% more suction* for powerful vacuum only cleaning for hard floors, easily removing dirt, crumbs and pet hair.

Activate Turbo in either mode for increased suction, and increased fluid level for tougher messes in Power Mop mode.

Furfinder™ Headlights utilize a patented design to see 9X more** pet hair, dirt and debris when cleaning, ensuring nothing is missed and left behind.

With ZeroGap™ Technology, this machine delivers zero-millimeter gap edge cleaning, so you clean all the way to the baseboards in both Power Vac Mode and Power Mop Mode.

Easily minimize hair wrap and clogs with Tangle-Free Technology and keep clean and dirty water separate with Two-Tank Technology. Plus, long-lasting cordless cleaning for up to 45 minutes of run time**** so you can tackle messes when and where they happen.
